GUN ACCIDENT RESULTS IN DEATH

Promising Life Cut Short...Cause Of Discharge Unknown

A sad shooting accident that has since resulted in death occurred on the G. T. P. mixed train, coming from the south on Wednesday, July 16th, the victim of the accident being Charles Eastman, the brakeman on the train.

The train was at a standstill near Grainer, waiting for the lifting gang to lay a section of the track. The gun was placed in a .22 rifle and went to the front end of the caboose, presumably the trigger caught in the iron railing on the car, causing the gun to discharge its death dealing bullet.

The late Mr. Eastman, although of a retiring disposition was very popular and held his high esteem by his fellow-men.

He was about 28 years of age and single, his relatives living at Miramichi.

As far as can be ascertained the cause of death was purely accidental and no blame is attached to anyone.

THE BOAT CLUB WILL HOLD REGATTA

Committees Appointed To Attend To Different Matters

The Mirror Boat Club held a special meeting at the Hotel Union on Monday evening and plans were made for the holding of a regatta on Buffalo Lake, Mirror, on Friday, Aug. 15th.

The following committees were appointed:

Advertising, music and dance—A. G. B. Rutledge, C. C. McCormick, J. A. Johnson; W. C. Gardner; Grounds—J. W. Pringle, Ed. Bray, J. H. Duncanson, F. Dowdall and R. C. Smith.

Sports—W. R. Carnell, C. T. Durrant, K. B. Iveson, F. G. Pynn and Geo. Thomas.

The Mirror brass band will entertain the spectators and a large programme of amateur sports will be arranged. It is expected that the event will draw a large crowd from the districts and neighbouring towns. It will be the last regatta held at Mirror and everybody should unite to make the affair a success.

Mirror and Bashaw Tie

In a closely contested game of football at Bashaw on 12th, the Mirror team tied with the pick of Bashaw and sure enough the final score was one goal each when the whistle blew for time. Bashaw took the offensive at the kick-off and the play for the first half of the game was mainly in Mirror territory, although Mirror managed to carry the ball up to the Bashaw goal on several occasions. At half time the ball was turned in on the side of the home team. Immediately after the five minutes rest the Mirror team took possession of the pigskin and got the ball well within the Bashaw goal line, but the endian managed to defend it without another tally being made.

Mirror team: Goal, McCordack; backs, Cairns and Good; half backs, Johnstone, Galienkamp and Pipe; right wing, MacConchdale and Pipe; centre, Gridley; left wing, Raad and McMillan.

Jack Price of Mirror, made an efficient referee.

A special service will be held in the Masonic Hall, Alix, Sunday afternoon, July 27th, at 2 p.m. Archdeacon Dewdney will deliver the address and an invitation is extended to all Masons from Mirror to attend.

How Eastman managed to shoot himself is a mystery, and as there was no one who witnessed the shooting, it is probably always remain so. It is merely a supposition, that he was holding the gun by the barrel, with the muzzle pointing directly at his heart, and in some inexplicable way the trigger caught in the iron railing on the car, causing the gun to discharge its death dealing bullet.

It is merely a supposition, that he was holding the gun by the barrel, with the muzzle pointing directly at his heart, and in some inexplicable way the trigger caught in the iron railing on the car, causing the gun to discharge its death dealing bullet.

The matter came up for consideration at a special meeting of the Council last evening and the application was granted conditionally, provided satisfactory arrangements can be made.

The company has been informed that the Alix Council will meet again on Friday evening and it is expected that a more satisfactory arrangement of details will be arrived at in this way than by correspondence.

It has been suggested that the hydroelectric power plant through Mirror presents an excellent opportunity to secure first-class fire protection for part of the town at least. If it is at all possible to have a pipe line laid across the river at this point, the town would be a most feasible one, but this and other problems will be taken up when the representatives of the company and the Council get together.

The proposed line will run from the tank on the west side of the tracks to the tank on the east side of the tracks, across Lake street to the Lois Avenue south to Arthur street, branching up Northcliffe boulevard, running for about two miles and then due East to Buffalo Lake, a distance of 9030 feet from beginning to end. The pipe will enter the lake near where the Mirror boat house is situated. The line from the tank to the lake will be 6 in. cast iron, while the pipe in the lake will be 6 in. wrought iron, into water 7 feet, 6 inches in depth.

The well 16 feet in diameter will be dug near the lake and a pump installed to force the water to the tank. There is a wide difference in the elevation of the tank at the track and the water line and it will require considerable pressure to force the water into town. If the dimensions are correct in adjusting the proposition now under consideration they will have accomplished something that will be of inestimable value to the town and the residents will be in a position to consider themselves fortunate in having a water supply for fire protection at all times.

Mirror Wins 1-0 Game

The Mirror base ball team administered a coat of kaboshon to the Alix nine on the local diamond last evening. Wednesday evening last our boys put on a great exhibition and thrilling games of ball ever played in this neck of the woods. The score 1 to 0 just about describes the brand of ball played. The sides also ended with two errors and the seven innings occupied fifty minutes that was crammed full of spectacular infield and outfield play. The pitcher, Simpson, the man to bat record first, was sacrificed to second by Simpson and then sacrificed to third by Snyderite, and reached home on a hit by Ivenson. This was the only run. In the sixth Ivenson reached third but died there; left on bases, Mirror, 3; errors, 2. Alix never gave up the struggle but in a game on the three points, but the locals always tightened up in the pinches and the visitors failed to count. Left on bases, Alix, 5; errors, 2.

WEDDING

A quiet wedding was solemnized at the home of Mr. and Mrs. C. M. Yardwood, Alix, on Wednesday morning at 8 o'clock. When Mr. Harry M. C. P. is agreed and Miss Jeanne Blanche Graham was united in holy wedlock. The ceremony was performed by the Rev. Leslie in the presence of the immediate relatives and friends. The newly married couple left on the morning's

train on a honeymoon trip to Banff and other points. On their return they will take up their residence in Alix, with the best of luck and a host of friends for a happy and prosperous journey over the sea of life.

B. F. McCormack, who has been visiting his brother, W. C. for a couple of weeks, returned on Saturday to his home in Buffalo, N. Y.

WAITERS WAGES

Many Receive None at all—Some
Make Big Money.

The stories are so numerous to the effect that although head waiters sometimes pay proprietors of hotels and restaurants a good deal more than a week for their positions, they are able to live in style, have housekeepers, cars and servants is an exaggeration. The waiters are well remunerated, thanks to the generosity of the public. At large establishments it is the custom for the head waiter taking the lion's share, the remainder being divided among the cooks, chefs, and ordinary waiters of the establishment.

At present the head waiter receives on an average about \$100 a week from the pool, while \$25 to \$30 a week is the average share of the tips in smaller establishments.

Two years ago there was a great demonstration in Hyde Park against the pooling system, a demand being made that the waiters should receive an adequate wage.

It was declared that a head waiter at one large New York hotel, who received \$40 a week, took in addition about \$40 a week from the boy in the tips. The waiter, however, who received \$2.50 a week only received another \$2.50 a week the most powerful pain-subduing incisor.

In some hotels and restaurants the rule is for the head waiter to take the tips, and to leave over to the ordinary waiters from the pool, and this accounts for the composition of the tips.

At the busiest time a waiter's share of the tips in a good class hotel would amount to \$100 a week, which of course he has to pay the proprietor certain commissions on the job, ready cash.

In New York hotel tipplers have

received an average of \$100 a week,

and the tips are pooled.

For curing colds, hoarseness, chest and winter-ache, Nervilene is a great remedy. It is considered to be about a peer.

Well Drugged

A doctor was summoned to a police station to examine an unconscious man who had been found in a dark and quiet checking contract. The doctor, who was a member of the medical corps in 1900, was sent to the management for the privilege of being paid \$2000. It also transpired that this man had been found in a dark and quiet checking contract.

This man had been found not dead but in a sound sleep.

A policeman turned pale, said

to himself, "I am a fool."

I drug him all the way—a matter of a hundred yards or more.

Some Method

Don't you think, dear Mr. Comfy, that it is a good idea to have neighbors the Scrubbs, are putting on a great deal more style, and are known to drop in to the house now from day to day where the man is coming from?

Well, replied Mrs. Comfy, you see,

the more style they put on the more

they are to be invited out to dinner.

Then speak to the washer and

husband about it.

My husband tells me you are going

to pay him a visit in this silver

city just now.

What a foolishness, he said,

and he smashed it.

Benvenuto! Old Lady—Dear!

And he smashed the apple!

Small boy—Teacher, ma'am!

A wonderful vessel in many aspects is the new China liner Aquilina which was launched a few days ago on the Clyde. It is the largest vessel ever built, and the creation of human ingenuity could suggest has been taken to make the minimum of space available for every passenger on board. Every passenger on board will have a cabin being a double decker, and the upper deck will have a crew of 1200, the complement of a first-class battleship.

A novel feature of a wedding celebrated at St. John's Church, Brooklands, near Manchester, is the bridegroom's appearance as the sister of the well-known sentimental song: "Because" during the signing of the register.

MIRROR, ALTA., JULY 18, 1913

Gala Day at Bashaw

JULY 12TH CELEBRATED IN ROYAL STYLE

Bashaw gave up the 12th of July to hold a gala day and Old Sol gave forth his best it turned out a truly sunny Alberta day. Just the sort of day, in fact, that empties the visitor's pocket books and lines those belonging to vendors of ice cream and such like desirables.

The first item on the program was a trap shooting contest, including team and individual shots. Bashaw team won out against Mirror, and good shooting was recorded.

The rest of the morning was spent in travelling down to the lakeside, about 1½ miles from Bashaw. After lunch the Lewisville and Bashaw baseball teams contested a good game, Lewisville winning the game.

Mirror and Bashaw played a hard game of football which ended in an even score of one goal each.

The foot races, etc., brought out one or two speedy champions.

The water sports entries were very disappointing although a number of boats were available for use. The swimming contest failed to bring out anything in the shape of champions, although the condition of the lake was ideal.

The launch race was entirely a walk-over for Geo. Raemer, whose Michigan built boat with a 7 h.p. engine gave a splendid account of itself.

The horse races brought out some splendid runners and very good time was made. It is great pity more interest is not taken in this branch of sport, especially seeing what a great horse country we have around Buffalo lake. Local gymkhana clubs should be organized not only with a view to sport alone, but particularly to the financial end of it. To farmers and ranchers it should especially appeal as the possibilities of good returns for raising this class of horse is excellent.

The bucking contest proved that some of the local boys are no pullers of leather when a real hard nut comes along.

The bovary dance was in every way a success and a merry foot was put to it until close on to the stroke of twelve. The Wentworth's orchestra did the necessary in the way of music, and the Meeting Creek brass band played selections on the sports grounds throughout the day.

Altogether a very enjoyable day was spent and it was generally acknowledged that the Buffalo lake which is only 1½ miles from the town of Bashaw offers splendid opportunities to those desiring of finding a first class camping ground in close proximity to a railroad. At this lake, one can leave Edmonton on Saturday evening at 4.30 p.m., reaching the lake before 10 p.m., and have all Sunday free and be back in the city by noon on Monday.

VIEWS OF MIRROR FOR LONDON PAPER

(Edmonton Journal)

"Registered as a guest at the Royal George is Albert Wyndham, special correspondent for that well known half-penny pictorial, The Daily Mirror, published in London, England. He is visiting Alberta for the purpose of gathering a little more world-wide information for his illustrated paper, both in the way of prose and picture.

Although only thirty years of age, Mr. Wyndham has travelled pretty well the world over. He was a correspondent in the Balkan war, he attended the coronation of the King of Spain, was present at Constantinople during the recent earthquake, attended the naval review at Spithead, and also made a sensational flight with M. Verrier. These are just a few of his recent adventures.

The town of Mirror, Alta., took its name from this English paper. Mr. Wyndham will take pictures of this town, to show the readers of its growth."

Mr. Wyndham was a recent visitor to Mirror.

G. T. P. WILL SHORTEN TRIP AROUND THE WORLD

Smythers, B. C., July 14.—Five days less will be required for the trip around the world when the Grand Trunk Railway opens its new line across Canada to the Pacific Coast a year from next month. This will shorten the distance to be traversed by the globe trotter and the first one to take this route will establish a record.

Lying well to the north, the new rail line will take advantage of the smaller diameter of the globe as the longitudinal lines converge toward the pole. The traveler starting from London, for example, will be able to follow almost a straight westward course until he reaches home again.

He will leave England on a liner bound for Halifax, where he will board a train for Prince Rupert. Upon arrival, he will go aboard one of the fast Oriental steamships to be put in service out of that port and will disembark at Vladivostok, taking passage over the Trans-Siberian Railway for St. Petersburg. There he will step into a compartment of the fast Nord Express, with a ticket for Ostend, Belgium, where he will take a fast channel steamer for Dover and thence a mail train for London.

**EDMONTON POSTERS
OUT**

The poster which has been gotten out by the Edmonton Exhibition this year is quite original and decidedly artistic and attractive. The management have standardized this poster and used it for hangers on the outside cover of the prize list, also in the newspapers. It is the intention to use it on the catalogue which will be issued for the Exhibition. It must be seen in the rich coloring of the poster to be fully appreciated. In addition to its appearance the poster also conveys a message to the public on the progress and advancement which have been made in Western Canada. The illustrations of "Glenarmock," the grand champion fat steer exhibited by J. D. McGregor, of Brandon, Man., at the International Fat Stock Show in Chicago last December; "Rosalind of Old Basing," the champion dairy cow of the British Empire, owned by A. Julian Sharman, of Red Deer, Alta., while the centre piece, which really "makes" the poster, is a picture of Mr. Sharman's young son "Broughton," seriously engaged with one of "Rosalind's" offspring.

A ROCKY ROAD TO TRAVEL

This is the rather doleful solo-logy of the editor of one of our exchanges:

A man's life is full of crosses and temptations. He comes into this world without his consent, goes out against his will, and the trip between the two is exceedingly rocky. The rule of contraries is one of the important features of the trip. When he is little the big girls kiss him; but when he is grown the little girls kiss him. If he raises a large family he is a chump; but if he raises a small chuck he is a thief. If he is poor he is a bad manager; if he is rich he is dishonest. If he needs credit he can't get it; if he is prosperous everyone wants to do him a favor. If he's in politics it is for pie; if he's out of politics you can't place him, and he's no good to his country. If he doesn't give for charity he is a stingy fellow; if he does it is for show. If he is actively religious he is a hypocrite; if he takes no interest in religion he is a hardened sinner. If he shows affection he is a soft specimen; if he seems to care for no one he is cold-blooded. If he dies young there was a great future ahead of him; if he lives to an old age he has missed his calling. The road is rocky, but man loves to travel it.

PROPOSED TRAIN TO ADVERTISE WESTERN CANADA

Industrial Commissioner Geo. M. Hall, of Edmonton, has written to six cities in Alberta, Saskatchewan and Manitoba, asking their co-operation in a scheme to organize and run a "Western Canada" train through the Northern, Central and Western States. The idea is this: Edmonton, Calgary, Medicine Hat, Moose Jaw, Regina, Saskatoon and Winnipeg each

are asked to supply twelve men who will agree to pay their share of the expense of chartering a special train for two or three weeks. The train will be conducted somewhat along the lines of the Made in Canada train which has recently concluded its tour of the West. The train will be fitted up with exhibits of all kinds, showing the products of Western Canada. And the twelve men from each of the seven cities named will take the trip, each one acting as a "booster" for Western Canada as a whole.

ALBERTA FAIRS

The following is the list of the local fairs which will be held in the province this summer and fall. The list is arranged by the Alberta Fairs Association, and as far as possible the dates are arranged so that dates of nearby shows will not clash and will yet be convenient for those wishing to get to both shows. Official judges are supplied by the provincial department of agriculture.

There were about forty entries in all and good music was furnished by the Herman orchestra.

Mrs. Harry Graham, of Calgary, reached town on Thursday evening. Mr. Graham is the operator at the moving picture show.

Trochu Tribune: Geo. Feraboschi has leased the Star Pool Hall for six months to J. A. Heffernan, of Mirror.

A. Montgomery is erecting a house on his lot on 1st block 3d, and will move from his farm as soon as the building is completed.

Mrs. Everitt, who came to Mirror about July 1st has been ill with peritonitis for the past week or two. She is without means of any kind and the Village Council has supplied funds for nursing and medical attendance.

T. G. Cook, of Wainwright, Alta., was in town for a couple of days this week, and was a visitor to the Bar Harbour picnics yesterday (Thursday).

Miss Dorothy Such, of Stettler, Alta., was a visitor with Miss Edith Brewster for several days this week.

The Royal Neighbors held their regular semi-monthly meeting on Wednesday afternoon, followed by a dinner at six o'clock.

Mrs. Bowcott has been suffering from an attack of scurvy but is now improving. The house has been quarantined.

W. B. Herbert, of Winnipeg, Manitoba, was a Mirror visitor for several days during the past week. Mr. Herbert was here looking over the mineral wealth of the area to buy the same but, for reasons best known to himself failed to come to an agreement with the owners.

It is learned that Dr. Reinhart Hopp, of Oakland, Cal, recently located one of his coal mining interests in Canada on the Smoky River in Northern Alberta, about 200 miles north of Edmonton. The fields are located within 40 miles of the main line of the Canadian Pacific. Recent experts have reported that the deposits are anthracite and superior to Pennsylvania coal.

Quite a number are taking in the plieni at Bar Harbour, today (Friday) making the trip by motor boat.

M. Meeklenburg, A. M., the only University graduate at Sighthill, Miramichi, Alta., Phone 5223, Edmonton, will be at the hotel, Mirror, on Thursday, July 17th; also at Grand hotel, Alta., July 18th, until 2 p.m.

The annual camp meeting of the New Methodist Church, will be held at Bashee, Alta., from July 18th to 22nd. W. H. Haught, (D. E.) will be in charge of the services.

The Village Council passed several by-laws at a meeting of the Royal Neighbors of America, at Bashee, Alta., on July 18th to 22nd. W. H. Haught, (D. E.) will be in charge of the services.

The Garden Party at D. M. Jewell's place on Buffalo Lake is the drawing card to-night (Friday) and quite a number from here are in attendance.

Trap Shooting Score

An error was made in reporting last week's shoot. Ray Smith, of the Royal Neighbors, placed second in trap shooting, while the former winner was not counted.

A meeting is called for Thursday evening next when the members score made at any time except at the regular shoot will be counted in the aggregate score or not. Matters pertaining to the trophies will also be decided and all members requested to be present.
